Be all right yeah!

Sometimes you want to run away
Don't have the patience for the pain
And if you don't believe it
Look into your heart
The beat goes on through

Through whatever
Dust it off don't let up
Be your own miracle

If the mind keeps thinking
you've had enough
But the heart keeps tellin' you don't give up
Who are we to be questioning wondering what is what
Don't give up
Through it all just stand up!

You ain't got to find no hidden place
Because the heart can beat the hate
Don't want to let the mind keep playing you
And saying you can't go on no

Through whatever
Dust it off don't let up
Be your own miracle

If the mind keeps thinking
you've had enough
But the heart keeps tellin' you don't give up
Who are we to be questioning wondering what is what
Don't give up
Through it all just stand up!
Through it all just stand up!

If you fall dust it off
Yea!
Yea, yea, yea!

Everything will be all right yeah
And it will get better

If the mind keeps thinking
you've had enough
But the heart keeps tellin' you don't give up
Who are we to be questioning wondering what is what
Don't give up
Through it all just stand up!

If your mind keeps thinking
you've had enough
But the heart keeps tellin' you don't give up
Who are we to be questioning wondering what is what
Don't give up
Through it all just stand up!

You got it in you find it within
You got it in now find it within now
You got it in you find it within
You got it in now find it within now
You got it in you find it within
You got it in now find it within now
Find it within you find it within
through it all just stand up!
