

HIDDEN... IN PLAIN SIGHT

An interactive evening highlighting the re-creation of an adolescent's bedroom in which various drug paraphernalia or stash items are hidden.

Parents/guardians are encouraged to walk through and search with the awareness that some items may not be what they seem.

The event includes a presentation: identifying and explaining current drug trends, risk and protective factors that could effect a child, and ways of communicating with your child.

Presented by:

The Bergen County Prevention Coalition
