Greetings!

Background:

The **4R Society** was created by a small group of Rutgers University alumni that decided to create a modest start-up scholarship in order to give back to the local high schools that the **4R Society** members attended. This year the award will be \$1,000 that will be given to a deserving Hackensack High School senior that will attend Rutgers University (New Brunswick) in the Fall of 2020 as a full-time student. The start-up scholarship is intended to offset the additional expenses that accompany getting settled into college life. The scholarship will be awarded based on high school academic performance, financial need, extracurricular activity involvement, and the answer to the short essay.
