

Dear Parent/Guardian,

I am writing to provide you with information about Hackensack High School's Dual Enrollment Program through Fairleigh Dickinson University. The Dual Enrollment Program provides high school students the opportunity to earn college credit while simultaneously fulfilling their high school requirements. This program offers numerous benefits, including exposure to college-level coursework, and the opportunity to save time and money by completing college credits early. Even though your child may be enrolled in one of the high school courses below, you are not obligated to register and pay for college credit.

To participate in dual enrollment and receive college credit, there are some important steps to take:

- Course Enrollment: Your child must be **currently enrolled** in one or more of the dual enrollment courses on the list. These courses are taught by qualified high school instructors who follow the college's curriculum and standards.
- Payment: In order for your child to receive college credit for these courses, there is a tuition fee associated with each credit hour. Please ensure that payment is made on time to secure your child's college credits.
- Transcripts: Upon successful completion of the dual enrollment courses, your child will receive both high school credit and college credit. These credits will be reflected on their high school transcript as well as on the college transcript from where you obtained the credits. Credits can also be transferred to other colleges and universities if they choose to accept them.

We are thrilled to offer dual enrollment opportunities to our students and believe that this program will greatly benefit your child's academic and future career endeavors. Below, you will find information about the registration process and cost. If you have any questions or concerns about dual enrollment or the registration process, please do not hesitate to contact your child's school counselor.

Sincerely,

Alyce B. Cusano

Alyce B. Cusano
Supervisor of Guidance

FAIRLEIGH DICKINSON UNIVERSITY REGISTRATION PROCESS

Early College Dual Enrollment Begins Monday, August 18, 2025

Early College Dual Enrollment Ends Wednesday, October 1, 2025

How to Register for a Course

- [Go to fd�.edu/ec](https://fd�.edu/ec)
- Click on Register Now
- Click on your high school
- Select a course to enroll
- Enter the required information
- Add the courses to the shopping cart
- And check out!
- *To retain FDU student account access after graduation, students must register with their own personal email address. Please do not use a parent or family member's email since messages may be missed. Students must check for the confirmation message sent after registration to set up their FDU student account.*
