R 7432 EYE PROTECTION

A. Eye Protection - N.J.A.C. 6A:26-12.5(a)

The Board of Education requires each student, staff member, and school visitor, including individuals present for evening adult-school programs, to wear appropriate eye protective devices while participating in educational activities and programs as defined in N.J.A.C. 6A:7-1.3 in accordance with N.J.S.A. 18A:40-12.1 and N.J.A.C. 6A:26-12.5.

B. Eye Protection Devices - N.J.A.C. 6A:26-12.5(e)

The following types of eye protective devices shall be used to fit the designated activities or processes:

Potential Eye Hazard	Protective Devices
Caustic or explosive	Goggle, flexible fitting materials, hooded ventilation; add plastic window face shield for severe exposure
Dust producing operations	Goggle, flexible fitting, hooded ventilation
Electric arc welding	Welding helmet in combination with spectacles with eye cup or semi- or flat-fold side shields
Oxy-acetylene welding	Welding goggle, eye cup type with tinted lenses; welding goggle, coverspec type with tinted lenses or tinted plate lens
Hot liquids and gases	Goggle, flexible fitting, hood ventilation; add plastic window face shield for severe exposure
Hot solids	Clear or tinted goggles or spectacles with side shields

Eye Protection

Potential Eye Hazard	Protective Devices
Molten materials	Clear or tinted goggles and plastic or mesh window face shield
Heat treatment or tempering	Clear or tinted goggles or clear or tinted spectacles with side shields
Glare operations	Tinted goggles; tinted spectacles with side shields or welding goggles, eye cup or coverspec type with tinted lenses or tinted plate lens
Shaping solid materials	Clear goggles, flexible or rigid body; clear spectacles with side shields; add plastic window face shield for severe exposure
Laser device operation or experimentation	Appropriate for specific hazard
Vehicle repair or servicing	Clear goggles, flexible or rigid body; clear spectacles with side shields
Other potentially hazardous processes or activities	Appropriate for specific hazard

C. Eye Protective Policy and Program – N.J.A.C. 6A:26-12.5(f)

1. The Board of Education establishes and implements Policy and Regulation 7432 to assure:
 - a. No staff member, student, or visitor shall be subjected to any hazardous environmental condition without appropriate eye protection;
 - b. The detection of eye hazardous conditions shall be continuous;
 - c. Eye protection devices shall be inspected regularly and adequately maintained;

REGULATION - DRAFT

PROPERTY
R 7432/page 3 of 5
Eye Protection

- d. Shared eye protective devices shall be disinfected between uses by a method prescribed by the local school medical inspector;
 - e. All eye protective devices shall meet or exceed the appropriate specifications for the various types of devices and suppliers of eye protective devices shall certify, in writing, that the devices meet or exceed said specifications;
 - f. Specific policy and procedures shall be established to deal with individuals who refuse to abide by established eye-safety practices and procedures;
 - g. The use of contact lenses shall be restricted in learning environments that entail exposure to chemical fumes, vapors, or splashes, intense heat, molten metals, or highly particulate atmospheres. When permitted, contact lenses shall be worn only in conjunction with appropriate eye protective devices, and the lens wearer shall be identified for appropriate emergency care in eye hazardous learning environments;
 - h. All spectacle-type eye protective devices shall have side shields of the eye-cup, semi- or flat-fold type; and
 - i. Students, staff members, or visitors wearing personal corrective eyewear shall be required to wear cover goggles or similar devices unless a competent authority can certify the personal eyewear meets or exceeds standards identified in N.J.A.C. 6A:26-12.5(b).
- D. Eye Wash Fountains – N.J.A.C. 6A:26-12.5(d)
- 1. Emergency eye wash fountains, or similar devices capable of a minimum fifteen minutes continuous flow of eye-wash solution, shall be provided in classrooms, shops, laboratories, or other areas where students or instructors are exposed to caustic materials that can cause damage to the eyes in accordance with N.J.A.C. 6A:26-12.5(d).
 - 2. Eye wash fountains shall be routinely checked by the responsible staff member and any fountain that does not operate properly shall be promptly reported to the Principal.

Eye Protection

E. Inspection

The Principal or designee shall annually inspect the school premises for the existence of conditions potentially hazardous to the eyes, for the placement of signs requiring appropriate eye protective devices, and for an adequate supply of appropriate eye protective devices in satisfactory condition. Conditions potentially hazardous to the eyes include, in addition to the activities listed in paragraph A.1. above, the likelihood of flying objects and spilled liquids and the presence of protruding and sharp objects.

F. Training and Supplies – N.J.A.C. 6A:26-12.5(g)

The school district shall provide annual training and appropriate supplies and equipment to all school personnel responsible for implementing the eye safety policies and program. The training shall include all aspects of eye protection as defined in Policy and Regulation 7432 and in accordance with N.J.A.C. 6A:26-12.5(g).

Fire and Fire Drills
M

R 8420.1 FIRE AND FIRE DRILLS

A. Fire Drills

1. The Principal of each school building will conduct at least one fire drill each month within school hours, including any summer months during which the school is open for instructional programs. The Principal shall require all teachers to keep all doors and exits of their respective rooms and buildings unlocked during school hours. Where school buildings have been provided with fire escapes, they shall be used by a part or all of the students performing every fire drill.

Attempts should be made to conduct drills in various weather conditions and at various times of the school day. Fire drills should be unannounced to school staff and students. The Principal shall inform local firefighting officials whenever a fire alarm is for drill purposes.

An actual fire that occurs at a school building during the month and includes activities which are the equivalent of a drill shall be considered a drill for the purposes of meeting the requirements of this Regulation and N.J.S.A. 18A:41-1.

2. The fire alarm shall be by a building-wide audible signal. Alarm signals should be tested regularly.
3. When the fire alarm rings, each staff member supervising students will:
 - a. Direct students to form into a single file line and proceed along the evacuation route to the nearest exit designated for evacuation;
 - b. Close the windows of the room and turn off all lights and audio-visual equipment;
 - c. Take the class register or roll book;
 - d. Ascertain that all students have left the room and that any student who may have left the classroom prior to the fire drill is located and escorted from the building;

OPERATIONS
R 8420.1/page 2 of 4
Fire and Fire Drills

- e. Close all doors to the room when the room is empty and keep all doors and exits of their respective rooms and buildings unlocked;
 - f. Ensure their assigned students have left the school along the route prescribed in the school evacuation plan. In the event a school building has been provided with fire escapes, they shall be used by a part or all of the students performing every fire drill;
 - g. Direct students to a location not less than a distance twice the height of the building walls and keep the students in a single file line facing the building;
 - h. Take attendance to determine all students who reported to class have been evacuated from the building and report immediately to the Principal any student who is unaccounted for; and
 - i. When the recall signal is given, conduct students back to the classroom.
4. Evacuation of the school in a fire drill must be conducted quickly and quietly and in an orderly fashion. Students must be silent, refrain from talking and running, and remain in closed, single file lines. Any student or staff member whose behavior disrupts the conduct of the fire drill shall be reported to the Principal and will be subject to discipline.
 5. All persons in the school must leave the building during a fire drill, including all aides, visitors, volunteer workers, and all office, cafeteria, custodial, and maintenance employees, except those employees who have been assigned specific duties to be performed in the school building during a fire drill.
 6. Physical education classes in progress outside the building should stop the game activity and line up in place or in their regularly assigned drill position.
 7. Students will be instructed not to gather belongings to take outside on the fire drill. In inclement or cold weather, students may pick up their coats and put them on as they exit the building, provided no time is lost in that activity.
 8. The office employee responsible for keeping the central attendance register, or a designated substitute, must carry the register out of the building during the drill.

OPERATIONS
R 8420.1/page 3 of 4
Fire and Fire Drills

9. Each Principal shall report monthly to the Superintendent on the conduct of fire drills. Their report will include the date, weather conditions, and time to evacuate for each drill conducted, as well as any comments that could assist in improving the conduct of future drills.
 10. Every fire drill will be conducted with seriousness and with the assumption that prompt evacuation is actually required for the safety and survival of persons in the school.
 11. Principals are encouraged to change the circumstances of fire drills so that staff members and students are subjected to various conditions and learn to respond to them quickly, constructively, and safely. Any such variations should take into account the ages and abilities of children.
 - a. One or more exits may be designated as “blocked” so that students are required to use alternative evacuation routes.
 - b. A fire drill may be designated as a “smoke drill” so that students learn to avoid the hazards of smoke by walking in a low or crouching position (not a crawling position).
- B. Fire
1. A school staff member or any building occupant who detects a fire in a school building or on school grounds shall immediately report the fire by calling 911 and/or by activating a fire alarm pull station in accordance with law.
 2. The school staff member or building occupant shall also report the fire to the school Principal, if possible.
 3. In the event of a fire in a school building, the school Principal shall immediately sound the fire alarm, in the event the fire alarm had not been previously activated, for the evacuation of all students, staff members, visitors, and volunteers.
 4. Evacuation shall be conducted in accordance with the fire drill procedures established in A. above, except that no employee may remain in the building to perform specific duties.

OPERATIONS
R 8420.1/page 4 of 4
Fire and Fire Drills

5. As a precaution, the Principal or designee will maintain a record of disabled students who may require special attention in the event of fire or other evacuation. Fire fighters will be promptly informed of the location and special circumstances of each such student.
6. As soon as practicable after the incident, the Principal shall submit a report to the Superintendent on the appropriate form.
7. The school district shall immediately notify the appropriate local fire department of any fire which occurs in a school building or on school property in accordance with N.J.S.A. 18A:41-5.

C. Fire and Smoke Doors

Every Principal and custodian/janitor in each school building in the district which has a furnace room, hallway, or stair-tower fire or smoke doors shall keep them closed during the time the school building is occupied by teachers and students pursuant to N.J.S.A. 18A:41-2.
